Anika Nielsen

Buchanan Elementary

“Joining”

PTA Reflections

Reflections is a National PTA program conducted at the local, council, state and national levels of the PTA. Started in 1969, Reflections is designed to promote an interest in the arts outside the classroom setting.

Tonight, we celebrate the 37th Annual Reflections Award Night sponsored by the Livonia PTSA Council. Leading up to tonight's celebration, local units submitted entries in each of the six categories (literature, musical composition, photography, visual arts, film/video production and choreography) and 4 entries from each category and age level will move on to the Michigan PTA Reflections program. Michigan PTA will then submit entries from each category in each grade division to the National PTA Reflections program.

Students from Livonia Public Schools have the opportunity To be recognized at both the state and national levels for their Reflections entries.

Congratulations to the students of Livonia Public School District for their efforts and talent.

A special thank you to our respected judges, and the difficult task they had in selecting the award- winning entries.

Livonia Arts Commission.....

Judged all six categories of the Reflections program!

This was a very difficult task due to the many wonderful

Pieces of art that were submitted by the students of

Livonia Public Schools.

The Livonia PTSA Council would like to thank Cyndi Pierzynski and Ny Derry for chairing the Reflections Committee and to the Livonia PTSA Executive Board Members for participating in the Reflections committee to bring this program to the students of the Livonia Public School district.

The Livonia PTSA Council is always looking for dedicated, Enthusiastic parents to serve on the Livonia PTSA Council Board. If you are interested in serving on the board, please See Julie Thompson or any of the Livonia PTSA Council members.

Thank you for attending this evening's celebration and we look forward to seeing all of you at next year's celebration.

The Theme for next year 2015-2016 is.....

"Let Your Imagination Fly"

Get a start on next year now!!!

“The World Would Be A Better Place If...”

Thursday, January 8, 2015

7:00 pm

Stevenson High School

Advocate Communicate Support

Our Reflections participants have each taken the time to create
an unique expression of this year's Reflection theme:

“The World Would Be A Better Place If...”

Each student worked hard to create their Reflections entry
and deserves praise for the hard work.
Just as in any fine collection of art, some pieces will grab you
immediately and others will take longer to understand.
There are many facets to arts, some of which require greater
understanding of the artist, their environment,
and their perspective to be seen.
The same can be said for the viewer; what appeals to one person may not
appeal, and in some instances, even offend others.
This is the nature of artistic expression , and we hope you
will join us in celebration of how the world would
be a better place with art. Beauty and understanding
do not belong only to the eye of the beholder.
They begin with eye of the creator.

Thank you students for your creativity, expression and hard work.
YOU have made this night a better place!
